For Near East Policy Research

HOLD UNRWA ACCOUNTABLE.

58% of UNRWA's \$1.6 Billion budget is earmarked for "education" on the "right of return by force of arms."

FREE EVENT: October 8th (8PM • English) & 9th (1PM • Hebrew) at The Menachem Begin Heritage Center, Jerusalem.

Attend in person or view the livestream on Zoom. To register, contact: dbedein@IsraelBehindTheNews.com

We will feature a screening of the movie: "Askar UNRWA: Cradle of Killers," along with a presentation given by Rabbi Leo Dee, whose wife Lucy and daughters Rina and Maia were killed by terrorists who were the products of UNRWA schools.

We are also presenting Dr. Arnon Groiss. Dr. Groiss has reviewed all PA texts used by UNRWA.

His work is now published, with our permission, by The Meir Amit Intelligence and Terrorism Information Center (ITIC).
